

# Filmarket Hub & Civica Scuola di Cinema LV collaborate!

Filmarket Hub is an online marketplace that connects film and television projects in development with the audiovisual industry: production companies, TV networks, OTT platforms, international sales agents and distribution companies.

It is an initiative born with the aim to give visibility to the best emerging talent and stimulate production agreements at the international level. It currently has more than 20,000 users throughout Europe and Latin America.

We also organize pitching events under the brand Pitchbox, such as the London TV Pitchbox, where the best projects from our online marketplace were presented to companies such as Entertainment One, Sky, Red Arrow Studios Intl., UKTV and Virgin Media. Last October we also organized the **fifth** edition of Sitges Pitchbox.

### Advantages of our online marketplace:

- 1. Available 365 days a year from any device.
- 2. A useful tool to continue exposing projects selected at traditional onsite markets.
- 3. Showcase your project to hundreds of international companies.
- 4. We match needs of projects and producers.
- 5. Our ONE PAGE format is a simple and attractive sales tool.
- 6. Possibility to upload a teaser and/or a video pitch.
- 7. Eligibility to apply to Filmarket Hub's pitching events at no additional cost.

### How are my materials protected?

Your project will only be visible to PRO companies validated by Filmarket Hub. To access your materials and contact information, companies must send you a request and be authorized by you.
